ONLINE EDUCATION

2020

Following the recommendations of Colombian government and Minister of Education, we decided to continue having our lessons via online.

Since the lockdown started, Colegio de la Santisima Trinidad took an action plan to keep on teaching and giving its students the best education they deserve.

With teachers trained to use different technological tools, we have been facing this pandemic situation that is making us all change the way we were used to do things.

“We thank God because all of us are safe”

DO SOMETHING GOOD FOR YOUR COMMUNITY

Remember to help others whenever you can. We are passing through a hard time and we all need to be helpful. So, if you can help people that are in real need, do not hesitate. Share your food, help one another, but specially, keep safe so that you help your community stay safe.

At Colegio de la Santisima Trinidad we celebrated Easter and the resurrection of Jesus Christ. We are proud to tell people that even though the situation we are going through, we still have time to remember and thank our lord and celebrate his resurrection.
